TRADE PRICE LIST OF
ROSES and HARDY PERENNIALS

We are strictly growers and do not buy any stock.

All of our roses are two-year old grown, budded on Japanese multiflora, the best stock for the largest part of the U. S. It is hardy, vigorous and makes a splendid root system. It will do well on all soils and positively will not "sucker."

The roses are graded to a high standard and we know you will be pleased with our stock. Grown right here in New Brunswick, they are hardy and well ripened and will give universal satisfaction to your clients.

Each year we have a number of roses that do not come up to our standard for No. 1 grade. This No. 2 grade we offer at 50% less than list. They make splendid plants for potting up or lining out.

Where less than 10 of a variety are wanted add 5c per each bush. For less than 5 of a variety add 10c.

A hint: After you receive your roses, if it is intended to sell them dormant, they are best heeled in deeply, protected from all wind and severe changes in temperature, and kept shaded and well watered. Roses laid flat in a well-drained trench and covered with about 8 inches of soil, will carry through the winter in perfect condition.

GROWERS FOR THE TRADE EXCLUSIVELY

HARDY PERENNIALS

FIELD-GROWN

Our Perennials are thoroughly hardened field-grown stock, superior in every way to the pot grown cuttings or seedlings that many growers sell. We give liberal sized divisions that establish themselves quickly, and give splendid results their first flowering season.

We advise Fall or Early Spring planting. Varieties marked thus (*) are good for cutting.

ACHILLEA Boule de Neige, June-Sept. $1.25 $10.00

COREOPSIS lanceolata, yellow flowers, all summer. 1.00 8.00

DELFNINIUM—Hardy Larkspur

This is one of our great specialties; we are headquarters for true and improved stocks.

BELLADONNA, the true blue kind. Our stock is exceptionally good; 2-year. $1.00 $8.00
3-year splendid forcing stock. 1.50 12.00
BELLADONNA, Pfister's Improved Strain. A considerable improvement over the ordinary. Under good conditions they reach a height of 5-6 ft., and the flowers and spikes are much larger than the old belladonna. Quality cut delphinium always brings a good price, and we believe that after you have tried this you will no longer grow the old variety. Per Per

BELAMOSUM. Dark blue form of Belladonna 1.25 10.00
CHINENSIS. Gentian blue 1.00 8.00
CHINENSIS ALBA. White form of the above. 1.00 8.00
PFITZER'S NEW HYBRIDS. A splendid mixture of the tall growing large flowered sorts. Our stock is very limited. 2.00 15.00

HARDY PHLOX (Phlox decussata)

These beautiful garden flowers become more popular each year and our supply of plants has never quite kept up with the demand. Our stock seems to be especially favorable to the development of a strong root system, and our stock this season is the best we have ever grown. The following list contains the cream of the better varieties.

AUSTRALIA, claret red. 1.25 10.00
BARON Von DeDEM, vermilion. 1.25 10.00
B. Compte, rich French-purple, one of the best. 1.25 10.00
BEACON, glowing carmine, tall grower. 1.25 10.00
COCQUELICOT, a fine scarlet. 1.50 12.00
CREPUSCULE, white, suffused mauve, rosy-purple eye. 1.00 9.00
ELIZ. CAMPBELL, soft pink, very popular. 2.00 15.00

MRS. JENKINS, best pure white. 1.00 8.00
PANTHEON, rose-pink. 1.00 8.00
PAUL DUTRIE, lilac-rose, a lovely shade. 1.25 9.00
RHEINLANDER, salmon-pink, large flowers in immense trusses. One of the very best. 1.25 10.00
RIVERTON JEWEL, mauve-rose, carmine eye. 1.25 10.00
RYSTROM, bright rose-pink. 1.00 8.00
THOR, deep salmon-pink. 1.25 10.00
WANADIS, light violet with border of white. The general effect from a distance is blue. 1.25 10.00
WIDAR, slightly darker than the above with a white center. 1.20 9.00
W. C. EGAN, delicate lilac, very fine; the individual flowers are very large. 1.50 12.00

We would advise the use of considerable white in planting as this intensifies the colors.
